Questions 173-177 refer to the following memo.

To: New Products Department  
From: Arianna Lee, Focus Group Coordinator  
Date: October 12  
Subject Focus group number 4829

On October 10, I conducted a formal taste test of the four new bottled iced tea drinks developed as summer specials. The flavors tested were Summer Raspberry, Fresh Mint, Fresh Mint with Lemon, and Hint of Peach. Several of you have been asking about the taste test, so I'd like to provide a brief summary.

Two groups with twelve participants each from the local area were selected at random. They met during the day of October 10 at an off-site location. Participants in the first group were given a sample of each flavor and asked to rate each sample on a scale of 1 to 10, with 1 signifying that the drink was not enjoyable at all and 10 signifying that the drink was highly enjoyable. Participants in the second group were given the same samples, but the samples were labeled by name. They were then asked to rate the samples on two scales from 1 to 10: how much they enjoyed the drink and how well it satisfied the expectation created by its name. The purpose of this test was to determine if the flavors of the drinks actually match the expectation created by the name of the product.

Results of the group taste test are being processed and analyzed and will be available next week. As always, the results are confidential, so my assistant will hand deliver a paper copy of the report directly to your offices rather than sending it as an e-mail attachment. Remember, our competition is eager to find out the results. If you think you need to share any details with anyone outside our department, please check with me first.

173. What is the purpose of the memo?

- A. To share details about a product test
- B. To provide an opinion of one of the drinks
- C. To explain the results of a customer satisfaction survey
- D. To recommend changes to focus group procedures

174. The word "rate" in paragraph 2, line 3, is closest in meaning to

- A. price
- B. judge
- C. deserve
- D. understand

175. Why were some of the samples labeled?

- A. To provide health information
- B. To communicate the task to participants
- C. To compare the name of the drink to the taste
- D. To help participants keep the drink samples organized

176. What is NOT mentioned about the study?

- A. Its participants were divided into groups.
- B. It was conducted by Ms. Lee's assistant.
- C. Its participants were selected by chance.
- D. It was held away from the corporation's offices.

- B. The drinks will be put on the market.

Questions 178-180 refer to the following article.

#### Rice Crop Expected to Reach Near-Record Levels

The National Department of Agriculture has reported that the nation's farms are on pace to produce their second-largest annual rice crop and fourth-largest annual soybean crop ever. As a result, grain prices are expected to drop across the nation over the next several months, according to the government's economic advisory office.

The forecast is based on actual field visits and farmer surveys conducted by the department. Because of higher-than-average rainfall during the early summer planting season, **previous estimates had been much lower than normal**. But cooler, ideal weather since then has helped many of the nation's farmers recover from June's heavy rains. The department forecasts that farmers will harvest 4.3 billion bushels of rice, up more than 670 million bushels from last month's estimate of 3.6 billion. The new estimate is only 3 percent lower than **last year's record** crop of 4.5 billion bushels.

That recovery is expected to lead to lower prices for rice and soybeans, two of the nation's most important agricultural exports. That may provide some relief to **meat producers** who use rice and soybeans for feed, as well as for regular **citizens** who had expected to pay higher prices for rice and rice products at the **supermarket**. The department has lowered its estimate for soybeans slightly, to 2.97 billion bushels from 3 billion last month.

The new estimate is welcome news for many other businesses as well. High rice prices had cut deeply into profits for **restaurant chains**, for instance, since they spend a significant portion of their budget on rice and rice products.

178. What is expected for rice production this year?

- A. It will be of better quality than last year's crop.
- B. It will drop by 3 percent because of flooding.
- C. It will be higher than earlier forecasts.**
- D. It will break records for the fourth year in a row.

179. Who is NOT mentioned as being affected by grain prices?

- A. **Meat** producers
- B. Supermarket **shoppers**
- C. Soybean packagers**
- D. Restaurant **owners**

180. When was rice production the highest?

- A. This year
- B. Last year**
- C. Two years ago
- D. Three years ago

My family and I had a wonderful time and are fortunate to have found such a wonderful rental on such short notice. It was great to have the beach located so close. The views from the balcony were superb. We had never traveled to Carlton City before, and were impressed by how many restaurants and shops were all within walking distance.

In fact, we enjoyed our stay so much that we are already trying to plan a return trip to Carlton City. Please let me know if you are renting the unit again next summer. If so, we'd love to go ahead and reserve it for three weeks.

Kind regards,  
Thomas Whitman

Spotlight on Tanika James

By Maryann Marks

Renowned performer Tanika James made her theater **debut last night**, starring in the hit show Flying High. The story of a young **flight attendant** who travels the world looking for a new city to call home, FlyingHigh is based on the critically acclaimed (受到讚賞的) novel written by Jee-Soo Chin.

Flying High opened last year on **November 15**, starring theater legend Dolores Luna. The show has received excellent reviews over its six-month run, and there has been some debate over whether replacing Ms. Luna would affect the show's popularity. Ms. Luna left the show last month to prepare to take the lead role in the upcoming production of Forget.

Ms. James is best known for her role on the popular television show The Becker Family and for her role in the film Lighthouse, for which she received the Winston Actors Award last year for Best Leading Actress.

In a recent interview with a reporter from **Carter City Magazine**, Ms. James spoke in detail about her **adjustment to the theater world**. "So far this has been a great learning experience for me," said Ms. James. "It's certainly very different from what I used to, and it took some time to get adjusted to performing in front of a live audience instead of a camera; it's something I would certainly like to pursue further."

Last night, the Flying High audience was packed with a crowd of celebrities, including many of Ms. James' television and film costars.

I recently placed an online order with Kitchen Australia for an Outfit-Your-Kitchen set (order number 158967). When it arrived, I discovered that the 22-centimeter **baking dish** that is supposed to be included in the set was missing. Moreover, **the medium frying pan was dented.**

**In the past, I have ordered both an ice-cream maker and a cutting board from Kitchen Australia. I received both of those shipments in perfect condition.** Consequently, I am surprised to find problems with this order. I hope this matter can be resolved quickly.
